Find a company

Welcome to the "Find a company" section of the European e-Justice Portal! This allows you to search for and access company information from the national business registers.

In accordance with Directive 2012/17/EU this service is to cover the business registers of all EU countries as well as Iceland, Lichtenstein and Norway. Not all of the Member States are currently connected, but more will be on board soon. If you are looking to access information and/or documents from those registers which are not yet part of the "Find a company" page, you can find links to the respective national registers on our "General information and terms and conditions" page.
